FOUNDER'S MESSAGE

Dear Valued Shareholders,

I hope you and your loved ones are safe, healthy and vaccinated.

The past two years is a period of Patience and Resilience. The journey through the year under review was not smooth. The adverse impact of armed conflict, different waves of Pandemic and climate changes had brought out the fragile nature of the global environment. This multidimensional crisis tested our patience and resilience. However, when during the period of this last two years when it was occurred that events or situations were getting out of control, India was able to bounce back each time, a testimony to our nation's resilience, which was a result of our hundreds years of native history and a century of achievements.

At YUG, we take immense pride in being resonant and significant in the fastest moving world, during the journey of 19 years. During our journey, many times we may have stumbled a few times and we were able to get back on feet on our feet. Our patience and resilience made us strong and determined to thrive back. The Company demonstrated a rebound in revenues and overall profitability, driven by a strong focus on prudent cost and cash management and improved efficiencies. The Company timed its strategy by keeping a track on changes in the raw material prices and maintained adequate inventories to avoid purchasing them at higher prices as prices of the most of the raw materials drove up during the second half of the year. These steps enabled us to keep running the wheels of momentum amidst a challenging year. As opposed to waiting for business to trickle in, we were pro-active in reaching out to our customers both existing and new as well as looked for new geographies. This unrelenting pursuit resulted in a steady pick-up in volumes gradually month on-month through the year.

In the prevailing time, our first concern was to ensure the well-being of our people. We instantly adopted a Covid-19 appropriate behaviour at the workplace and around us to curtail the spread of the virus and accelerate, in whatever little way, the economic momentum of the nation.

As an organisation, we have left no stone unturned to ensure value creation for our stakeholders. Our strategy entails around having the expansion plans in place to meet anticipated growth in demand of the products of the Company now and in near future. I have no doubt that we will continue to work diligently in our efforts towards turning headwinds into tailwinds taking us a few notches higher.

Before closing, I would like to thank our management team and our employees for their hard work and contribution. Their support is the cornerstone of our achievements.

I would also like to take this opportunity to express my gratitude to our suppliers, customers, our bankers, government authorities and to you, our shareholders, for the unwavering trust and support reposed in us. We will be delighted if you continue accompanying us in our journey as we work towards building the 'Yug' of tomorrow.

Warm Regards,

A handwritten signature in blue ink, which appears to read 'Santoshkumar R. Saraswat'.

- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

RESULT OF OPERATIONS & STATE OF COMPANY AFFAIRS:

The Key points pertaining to the business of the Company for the year 2021-22 and period preceding thereto have been given hereunder:

- ❖ The Total revenue of the Company during the Financial year 2021-22 was ₹ **2,45,036.92 ('000)** against the total revenue of ₹ **1,59,497.31('000)** in the previous financial year 2020-21.
- ❖ The Total expenses of the Company during the financial year 2021-22 was ₹ **2,37,023.22('000)** against the expenses of ₹ **1,50,470.87('000)** in the previous financial year 2020-21.
- ❖ The Profit after tax was ₹ **952.67('000)** for the financial year 2021-22 as compared to the Profit after tax of ₹ **1,191.28('000)** in the previous financial year 2020-21.

The performance of the Company in terms of overall revenue generation during the period under consideration was quite satisfactory. The demand for the Company's products gained momentum in spite of sluggish market during the first quarter of the F.Y. 2021-22. However, the raw material prices during the financial year under review saw inflationary pressures, mainly due to global supply-demand gaps, force majeure and shipping-line disruptions and delays which in result affected the profitability of the Company as a whole. Due to no increase in the corresponding selling price by the leading players, the Company was unable to subsume the impact of increase in raw material cost in its selling price.

The state of your Company's affairs is given under the heading 'Financial Highlights', Result of Operations and State of Company Affairs' and various other headings in this Report and the Management Discussion and Analysis Report, which forms part of the Annual Report.

TRANSFER TO RESERVES:

Your Company has not proposed any amount to be transferred to the reserves of the Company.

CAPITAL STRUCTURE:

Presently, the Authorized Share Capital of the Company is ₹ 4,25,00,000/- (Rupees Four Crores Twenty Five Lakhs Only) divided into 42,50,000 (Forty-Two Lakhs Fifty Thousand) Equity Shares of ₹ 10/- (Rupees Ten Only) each.

The subscribed and paid up capital of the Company at the end of the financial year stood at ₹ 4,16,97,660 (Rupees Four Crores Sixteen Lakhs Ninety-seven Thousand Six Hundred and Sixty) divided into 41,69,766 (Forty-One Lakhs Sixty Nine Thousand Seven Hundred and Sixty Six) Equity Shares of Face Value of ₹ 10 (Rupee Ten Only) each.

There was no change in the Share capital of the Company during the financial year under review.

DIVIDEND:

After considering the present circumstances holistically and keeping in view the need to conserve the resources in the long run for future, the Board of Directors of the Company decided that it would be prudent not to recommend any Dividend for the year under review.

CHANGE IN NATURE OF BUSINESS, IF ANY:

There has been no change in the nature of business of the Company during the financial year under review.

DETAILS OF SUBSIDIARY, ASSOCIATE OR JOINT VENTURE COMPANY:

The Company does not have any subsidiary, associate or joint venture company.

IMPACT OF PANDEMIC & BUSSINESS OUTLOOK:

The last couple of years have been a roller coaster ride for the company business. With near normalcy around, the pain and suffering caused by the Covid-19 at the start of the financial year 2021-22 seem so distant now. As the Government lifted lockdown in phased manner, your company resumed operations by abiding to the guidelines and measures issued by the Government from time to time. The sales picked momentum and the country witnessed a new Omicron variant of Covid-19 in the last quarter of the said financial year resulting a vivid impact on Businesses as a whole and your company was not exception to this. The pandemic related reservations serve as a catalyst for a market shift in consumer behavior and raw material inputs. The demand outlook, notwithstanding the considerable impact of Omicron, has remained encouraging and surpassed the pandemic stress. However, inflammatory pressure of the raw material prices reflected in profitability of the Company as the same couldn't be incorporated in our product prices.

Your Company has considered the possible effects that may result in the preparation of the financial statements including the recoverability of carrying amount of property, plant & equipment and current assets. In developing the assumptions relating to the future uncertainties in the global economic conditions because of the pandemic, the Company has at the date of approval of the financial statements, evaluated the overall economic environment, liquidity position, debtstatus, recoverability of receivables. The Company currently does not anticipate any further impairment of it.

Having endured and managed to recover from the disruptions induced by a once-in-a-century event, your Company is cautiously looking forward to 2022-23 with hopes of putting up a better show, although a lot will hinge on how the economy grows.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT:

Indian economy is poised for a rebound after enduring a second wave of Covid-19(Omicron) infection that further constrained activity and took a heavy toll on its people. India's broad range of fiscal, monetary and health responses to crisis supported its recovery, and along with economic reforms, are helping to mitigate a longer- lasting adverse impact of crisis. The overall sharp rebound and recovery of the economy is reflective of India's strong resilience.

There is no change in the industry structure as reported by the Company last year. Your Company operates under a single segment i.e. Manufacturing of Adhesives and Sealants under the Brand name "YUG-COL".The Adhesive business of the Company is further bifurcated into two kinds of Adhesives that are Wood Adhesives and Rubber Adhesives.

Expansion of the furniture, woodworking, and construction industries, rising urban population, increase in remodeling & renovation activities, and recovery of the global economy have been the significant factors contributing to the growth of the global wood adhesives market. Amongst sports industry, furniture industry, handicrafts, paper and paper products, textile industry etc., furniture is the largest end-use application of wood adhesives. Expansion of the housing sector and growth of the furniture industry have propelled the demand for wood adhesives. Diverse product portfolios, strategically positioned R&D centers, adoption of development strategies, and technological advancements have helped the companies globally to strengthen their position in the global wood adhesives market.

Rubber Adhesives are used in Furniture and Footwear Industries. They can also be used in upholstery and fixing laminate sheets to wood and other surfaces. The footwear industry currently uses a large diversity of materials and over time this has increased the challenges placed on the adhesives industry, since bonding dissimilar materials with good performance requires specially formulated adhesives. Adhesives used in this industry are varied and their producers are always developing new products, following closely the market demands mainly due to the introduction of new materials according to fashion trends.

Your Company had continued to remain focused on providing quality products to sustain its business and put up its best performance to strive to lead the competition in the domestic and international market too.

MSMEs IN INDIA AND PANDEMIC AFTERSHOCKS:

One of the prime drivers behind growth story of Indian economy is SMEs. Over the past few decades, SME sector, comprising of service industry, manufacturing, packaging, infrastructure, food processing, IT and chemicals has developed as the most dynamic source of growth of Indian economy. In recent years, the MSMEs sector has shown higher growth rate than industrial sector. This sector not only offers huge employment but also contributes in regional balance by generating industrialization to remote rural and backward areas.

According to MSME Ministry data released on May 16, 2021, there are around 6.3 crore MSMEs in India which contributes approximately 29% towards country's GDP by its national and international trade. This sector account for nearly 50 per cent of the country's exports. As per national sample survey 73rdRound (2015-16) MSME sector has offered around 11.10 crore jobs out of which 3.6 crore have been in manufacturing sector, 3.9 crore in trade and 3.7 crore in other services. Considering all these facts and figures, it is quite understood that for achieving the target of becoming a \$5 trillion economy by 2025 growth of SMEs is crucial for India. (Source: <https://timesofindia.indiatimes.com/blogs/agyeya/msmes-in-india-post-covid-scenario/>)

The MSMEs sector has been one of the most vulnerable sectors during COVID-19 because of its size, scale of business and availability of financial resources. The three critical barriers faced by MSMEs are market access, overall productivity and getting access to more finances. An average 11% decline in business volume of Indian MSMEs has been recorded because of lockdown in 2021 in comparison to 46% decline during nationwide lockdown in year 2020. All India Manufacturers Organisation conducted survey on MSMEs and confirmed that the self-employed MSME units, predominantly 35% of MSMEs sector, do not have any scope of recovery for their businesses and have already started winding up their units. Also, in absence of adequate awareness and knowledge about handling digital banking and transaction activities, SMEs are found to be more vulnerable for cybercrime and phishing.

To support MSMEs during pandemic crisis, government may come forward to provide soft loans with longer term of repayment and increased credit limit. MSMEs need to re-strategize its overall value proposition, through improving quality of products, strengthening distribution channels and using innovative promotion methods

etc. Government of India started its e-market place (GeM) to increase the share of MSMEs in Government procurement. A digitally activated market ecosystem is capable to reduce cost, improve work efficiency, foster product development and improve safety of workers. Collaboration with research institutions, tech start-ups, and existing foreign players may prove an effective business strategy for MSMEs to develop a low-cost production base and penetrate in Indian market. Indian Governments supportive programmes from SMEs like Emergency Credit Line Guarantee Scheme, low repo rate. linkages, PF and EPF support for both businesses and workers etc. have started showing positive results (Source: <https://timesofindia.indiatimes.com/blogs/agyeya/msmes-in-india-post-covid-scenario/>).

COMPANY BUSSINESS OUTLOOK:

The past couple of years have been period of intense action and reflection. We have seen global pandemic, geopolitical tensions, supply chain disruption, the rise of crypto currency and many other public and private upheavals. As the dust settles and a clear picture of World ahead emerges, the global pandemics have proven to be period of great opportunity and growth. In the widespread change, the industry saw a see-saw in its performance with an extremely low quarter one and steady picking up demand during the balance quarters.

The global and domestic economic outlook for the financial year ended 2022 remains highly uncertain. The uncertain demand scenario coupled with significant inflation in input costs will call for active management of the rapidly evolving situation while maintaining employee and business eco system safety and security. While the rollout of the vaccination programme is encouraging, it is evident that this will take considerable time before business sentiment is positively impacted.

Your company has put in place a number of measures that impact both the delivery as well as the development agenda so as to remain resilient during these times. Our strategy is continuously evolving to address these challenges as well as adapt to market conditions by continuing to revamp by expanding the product range, while relooking at its business strategy and models, wherever necessary.

❖ FINANCIALS:

The Key points pertaining to the business of the Company for the year 2021-22 and period preceding thereto have been given hereunder:

- The Total revenue of the Company during the Financial year 2021-22 was ₹ **2,45,036.92 ('000)** against the total revenue of ₹ **1,59,497.31('000)** in the previous financial year 2020-21.
- The Total expenses of the Company during the financial year 2021-22 was ₹ **2,37,023.22('000)** against the expenses of ₹ **1,50,470.87('000)** in the previous financial year 2020-21.
- The Profit after tax was ₹ **952.67('000)** for the financial year 2021-22 as compared to the Profit after tax of ₹ **1,191.28('000)** in the previous financial year 2020-21.

The performance of the Company in terms of overall revenue generation during the period under consideration was quite satisfactory. The demand for the Company's products gained momentum in spite of sluggish market during the first quarter of the F.Y. 2021-22. However, the raw material prices during the financial year under review saw inflationary pressures, mainly due to global supply-demand gaps, force majeure and shipping-line disruptions and delays which in result affected the profitability of the Company as a whole. Due to no increase in the corresponding selling price by the leading players, the Company was unable to subsume the impact of increase in raw material cost in its selling price.

❖ Key Financial Ratios: (in times/ %)

Sr. No.	Ratio	2021-22	2020-21
1.	Debtors Turnover (times)	2.53	1.90
2.	Inventory Turnover (times)	12.40	8.74
3.	Interest Coverage Ratio (times)	1.51	1.59
4.	Current Ratio (times)	1.70	1.93
5.	Debt Equity Ratio (times)	1.42	1.13
6.	Operating Profit Margin (%)	1.65	2.59
7.	Net Profit Margin (%)	0.39	0.75
8.	Return on Net Worth (%)	1.51	1.92

There is significant change (i.e. change of 25% or more as compared to the immediately previous financial year) in the following key ratios:

Detailed explanations of key ratios:

i. Debtors Turnover Ratio:

Significant change in trade receivables shows increase in volume or sale of the Company during the Current year as compared to previous year which resulted an improved Debtors' Turnover Ratio.

ii. Inventory Turnover:

The Inventory Turnover ratio has increased due to increase in sales in current year as compared to previous year.

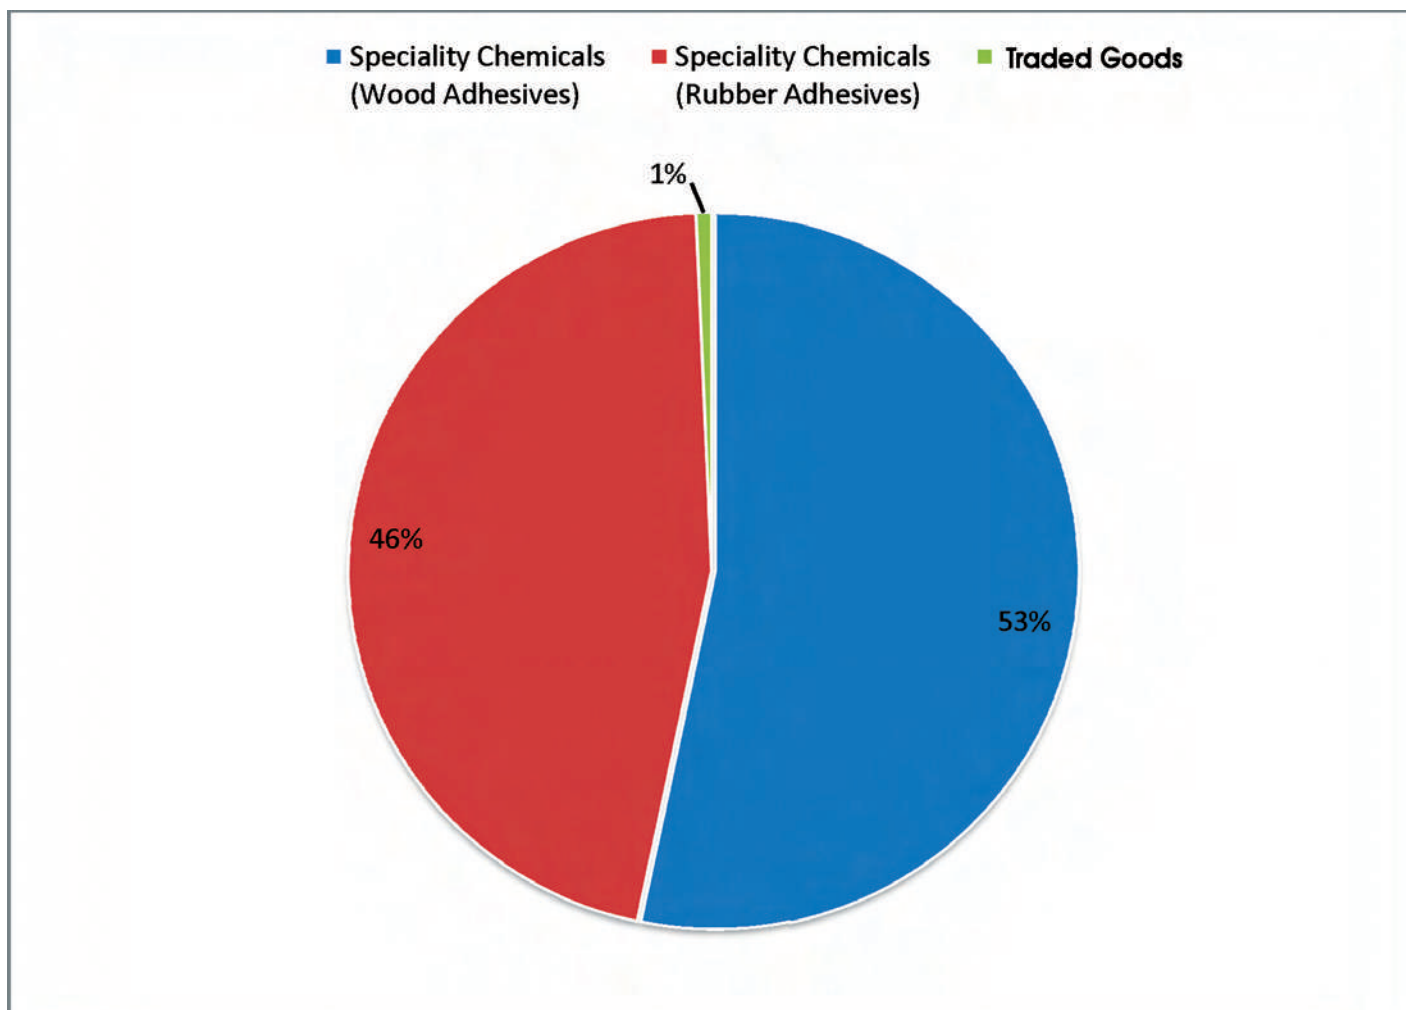

iii. Debt-Equity Ratio:

Significant change in the Debt- Equity Ratio as compared to the last year's figures is due to increase in overall debt in current year as compared to previous year.

iv. Net Profit Margin:

The Net Profit ratio has decreased due to decrease in net profit due to high raw material cost in current year as compared to previous year. In spite of several posed challenges in generating sales, the company tried to put up its best performance which in turn resulted in revenue from sales. However, the increase in corresponding selling price was lower than the increase in raw material price, the Company unable to subsume the said impact in its selling price which caused negative impact on overall profitability.

❖ **PERFORMANCE OF THE COMPANY ON THE BASIS OF SALES VOLUME:**

During the Financial Year under review:

- ❖ Wood Adhesives continued to make highest contribution to the sales revenue with 53.28% sales in proportion to the total sales revenue.
- ❖ Rubber Adhesives made the 2nd highest contribution with 46.03% sales in proportion to the total sales.
- ❖ The sales volume attributed to the traded goods was 0.69% in the financial year.

Focusing on the positives, the Company has tried to maintain its profitability position even in this multidimensional crisis like waves of pandemic, climate changes etc during the year and still to be resonant and shown significant growth during the year. The overall revenue generation compared to the previous financial year has shown 54.42% growth, the company is optimistic that as soon the market conditions come in favor, it will be able to perform a notch higher than what it has been doing.

OPPORTUNITIES AND THREATS:

The Indian economy provides a large opportunity to the Company to market its differentiated products. The demand of the Company's products is steadily increasing both in India and abroad. The Company is ready to take the challenges of increased demand by continuously adding capacities, investing in upgradation of its manufacturing capacities and also striving to achieve cost efficiencies. The Company's decade's long experience and deep distribution network well positions the Company to take advantage of the opportunities in the market in the upcoming years.

With expanding capacity of existing players and emergence of new entrants, competition is a sustained threat for the business of the Company. Strategic initiatives to enhance the brand equity through enhanced marketing strategies along with value added products and services have been the thrust areas of the Company.

RISKS AND CONCERNS:

Risk is an inherent part of the business which cannot be avoided but its robust identification and management can eliminate or overcome its effects. A comprehensive and integrated risk management framework forms the basis of all de-risking efforts of the Company. Formal reporting and control mechanisms ensure timely information availability and facilitate vigilant and in-time risk management.

Your Company's governance structure has well-defined roles and responsibilities, which enables and empowers the management to identify, assess and leverage business opportunities and manage risks effectively. The Company has identified the below mentioned risk and suggested the mitigation strategy:

❖ **Risk of Pandemic:**

The economic fallout from the pandemic is hurting both the demand and supply side. The Company is engaged in manufacturing of those products that its consumption becomes discretionary. The lockdown and the slow unlocking have impacted the supply. Ramping up production while maintaining social distancing and ensuring safety of workers can be a matter of concern.

Mitigations: The Company adheres to following strict protocols at all the work places in accordance with the Government guidelines. Moreover, the Company has taken best efforts of getting all its employees vaccinated to ensure everyone's safety.

❖ **Risk associated with raw material and supply:**

The Company purchases raw materials which are prone to price fluctuations. Most of the raw material that the Company puts in use is imported. Shipping line disruptions and global demand-supply gaps, results in shortage of raw materials supply which then contributes to the increase in raw material cost. The increase/ decrease in the cost of raw materials have a direct impact on profitability.

Mitigations: The Company tracks the changes in the price of raw material and maintains adequate inventory to avoid purchasing them at higher prices.

❖ **Credit Risk:**

The Company by virtue of extending credit to its customers is exposed to credit risk in terms of non-realization of book debts and delayed recovery of receivables thereby posing unexpected cash flow issues.

Mitigations: The effective risk management practices of the Company includes regular evaluation of creditability of customers, frequent review of credit limits of the customers and fixing/ tightening of credit limits according to the track record of the customers.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company's internal control systems are commensurate with the nature of its business and size and complexity of its operations. Our Company follows a strong system of internal controls to ensure that all assets are safeguarded and protected against loss from any authorized use or disposition and that the transactions are authorized, recorded and reported quickly. The internal control systems are further supplemented by internal audit carried out by an Independent Chartered Accountant and periodical review by the management.

The Audit Committee of your Company reviews adequacy and effectiveness of its internal control environment and monitors the implementation of audit recommendations, including those relating to strengthening of the Company's risk management policies and systems.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS INCLUDING NUMBER OF PEOPLE EMPLOYED:

Effective Human Resource Management enables employees to contribute effectively and productively to overall company growth and accomplishment of the organizations' goals and objectives. Human Resource of our organisation is the strong foundation for creating many possibilities for its business. The efficient operations of manufacturing units, market development and its expansion were the highlight of our people's effort. Despite the paradigm shift in the market situations, the Company was able to collaborate at all levels and create a performance-driven productive environment by engaging and communicating with all employees. During the year under review, the Industrial Relations continued to remain cordial.

Your Company has in place Anti Sexual Harassment Committee and there is also a policy in place, to address the issues in regard. The total number of employees on the roll of the Company as on 31st March, 2022 was 59.

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of **M/s. YUG DECOR LIMITED**, ("the Company") which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and Notes to the financial statement including summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, its profit and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the Key Audit matter to be communicated in our Report.

Key Audit Matter	How the matter was addressed in our audit
	-- NIL --

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report, Business responsibility Report, Corporate Governance report and Shareholder's information, but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) Planning the scope of our audit work and in evaluating the results of our work and (ii) To evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the said Order.

 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

“Annexure B” to the Independent Auditor’s Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **M/S. YUG DECOR LIMITED** (“the Company”) as of March 31, 2022 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may

become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for Internal Financial control over Financial Reporting established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.
